- Suitable for every pool and spa

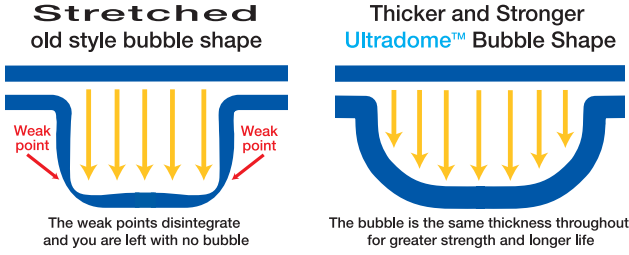

Quality you can trust,
Service you can rely on

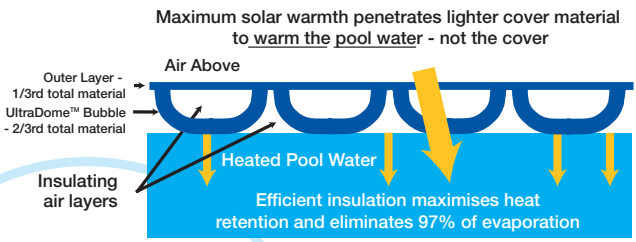

A more efficient cover made stronger to last longer

Exclusive **Daisy UltraDome™** technology completely **eliminates weak points** and gives you a tougher cover - top and bottom. The perfectly-formed **UltraDome™** bubble makes **Daisy a stronger cover that will last longer.**

Lighter cover colour transmits more solar energy into the pool water

Daisy's lighter, translucent material **allows more solar energy to penetrate** deep into pool water to warm it. Darker covers get hotter because they absorb solar energy, rather than transmitting it into the pool to heat the water.

Daisy UltraDome™ Solar Pool Covers **let more warmth reach your pool water** - and their excellent insulation efficiency lets less back out for **a pool that's up to 8°C warmer.**

Supertoughened to resist salt, sun and chemicals

Daisy's advanced manufacturing techniques use **supertoughened polyethylene** containing the maximum antioxidants, tougheners and UV inhibitors. **Daisy UltraDome™** covers **resist salt, sun and chemicals** so effectively that we provide **up to 8 years pro-rata warranty.** **Daisy UltraDome™** covers are the world's most advanced solar pool covers, **UltraDome™** was named **'Most Innovative New Product'** by the Swimming Pool and Spa Association of NSW. **UltraDome™** Solar Pool Covers are **suitable for every pool or spa** and easy to install and operate.

Daisy UltraDome™ Solar Pool Cover Range	Pro-Rata Warranty
Daisy Series 3 – The budget option	3 years
Daisy Series 4 – Economy quality alternative	4 years
Daisy Series 5 – Longer life range	5 years
Daisy Series 8 – The premium choice for maximum durability	8 years

Elegant new Roller System suits stylish pool areas

Daisy's elegant new L100 roller has been designed to complement modern, designer pool areas with a clean and contemporary new look. The L100 is a stylish stationary roller that is perfectly at home in more traditional landscaped pool areas and also looks great on today's modern pool shapes.

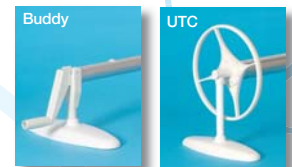

If you're looking for a highly functional, easy-to-use roller system with a dash of style, the sleek, modern L100 is the perfect combination of function and form.

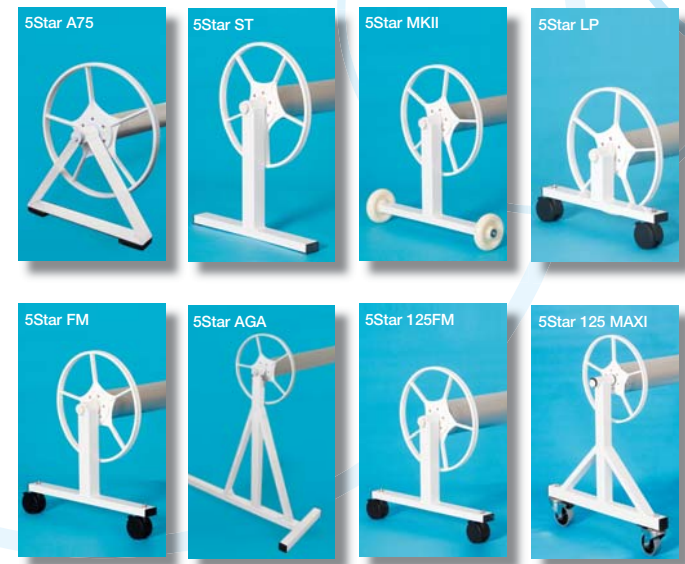

Daisy Roller Systems can be on and off in 30 seconds

From a spa to the largest pool, we have a roller to suit your budget. **Daisy Roller Systems are also suitable for above ground pools.**

The **Buddy** and **UTC 75** are cost-effective for small to medium pools. They're adjustable, easy to use and offer **years of trouble-free service.**

Our **5 Star** range offers the choice of standard or low profiles, stationary and fully mobile models suitable for any pool – from a plunge pool to the largest domestic size. Our **5 Star rollers** are made from the **highest-quality** marine grade anodised aluminium or powder-coated aluminium, stainless steel and other quality components.

Easy installation

Daisy Roller Systems feature flexible, adjustable fittings, and simple, durable, easy-to-adjust cover fastening systems.

Daisy guarantees its superior quality for years of service

Daisy Cover Buddy and UTC Roller Systems have a **5 year pro-rata warranty**, while our 5 Star range features a **10 year pro-rata warranty.** All Daisy Roller Systems come with a top-quality protective overcover at no extra cost.
