

EcoPure®

Fibre Glass Media Filters

The convenient solution for clean, filtered pool water that provides more time for you to enjoy your pool and less time maintaining it.

Features & Benefits

- Virtually maintenance free. Simply backwash to clean filter media.
- Constructed from strong corrosion and U.V. resistant fibre glass, providing long and reliable working life
- 6-way multiport valve for easy backwash and filter control at the flick of a handle
- Built-in waste port sight glass for high visibility during backwashing
- Large media capacity providing less frequent backwashing to save water
- Accurate stainless steel oil filled pressure gauge makes it easy to see when backwashing is required
- Automatic air bleed prevents the build up of air in the tank ensuring effective filtration
- A.B.S. barrel unions make installation simple
- High rate design for maximum efficiency, suitable for sand, Zelbrite and silica media
- Suitable for both salt and fresh water pools

Guarantee – 10 year tank
– 1 year valve and gauge

Fibre Glass Media Filters

-  **6-way multi port valve with sight glass & pressure gauge for optimum filter control**
-  **Robust A.B.S. barrel unions for easy installation & maintenance**
-  **Cylindrical shape provides the most efficient filtration operation**
-  **Long life UV stabilised, filament wound fibre glass & PE inner tank***
-  **Large media area means better filtration with high efficiency**
-  **Large surface area lateral under drain for high flow & efficient backwashing**

* PE inner tank on 18" – 25" models only
