Exceptional Experience
Pool Cleaning Made Easy

Designed just for you

These easy-to-use robots intelligently adapt themselves to any pool, to achieve the best possible results for the specific pool shape and surface type. Enjoy their friendly design and simple operation – created with you in mind.

Choose the highest performing robot that's right for your pool:

Dolphin S 300i

Advance to a new pool cleaning experience with this top-of-the-line robot that brings even more ease and freedom to the advanced capabilities of Dolphin S robots. Control your Dolphin S 300i through the state-of-the-art multi-function power supply or use the MyDolphin™ app on your smartphone or tablet to set up cleaning programs and control the robot remotely, including manual navigation. The blinking LED on the robot indicates the active mode.

Dolphin S 200

Experience superior pool cleaning with this advanced new robot. With its ultra-light weight and quick water release, Dolphin S 200 is super-easy to handle. Choose between two filtration options to capture rough debris or fine dirt. The dual active brushing action and PowerStream Mobility System ensure efficient pool coverage, with extra-thorough scrubbing on all surfaces – leaving the floor, walls and waterline spotlessly clean.

Dolphin S 50

Dolphin S 50 is the introductory robot by Maytronics – bringing you all the benefits of more than 30 years of experience in robotic pool cleaning. All swim, no work. That's the life for you – with the Dolphin S 50 robotic pool cleaner. Forget about scrubbing the floor and scooping out leaves and dirt – the Dolphin S 50 does it all for you, automatically. It leaves your pool floor clean of dirt and leaves and the pool water sparkling clean, ready for fun whenever you are.

About Maytronics

Nobody knows robotic pool cleaners like Maytronics – the company behind the top-selling Dolphin robots. For more than 30 years, we have been developing robotic cleaning solutions for all swimming pools.

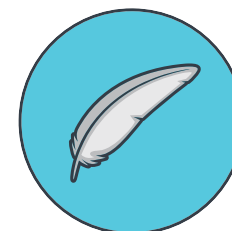

Superior pool cleaning made easy

PowerStream Mobility System - enhanced navigation *

Patent-pending multi-directional water flow ensures constant grip on all types of vertical surfaces, for efficient cleaning along walls and waterline and enhanced navigation control.

Lightweight, ergonomic design and fast clean-water release make removing your Dolphin from the pool so easy!

Lightweight - easy to lift and handle

Multi-Function Energy-Saver Power Supply *

Energy Saver Power Supply lets you select cleaning cycle and mode. Set a start delay or weekly timer, all with simple touch-screen control.

MyDolphin™ app for convenient cleaning program setup and operation control, including manual navigation to direct your robot to clean specific parts of the pool.

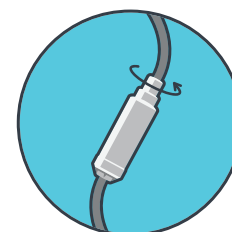

Smartphone MyDolphin™ - App Control *

Multi-Layer Filter - highly efficient clog-free filtration *

Simultaneously separates and filters rough, fine and ultra-fine dirt, for highly efficient, clog-free filtration. Snaps apart for super-easy cleaning.

Dolphin's swivel cable eliminates tangled cables forever! As your Dolphin moves around the pool, the swivel ensures that the cable stays free and clear, allowing for complete pool coverage.

Swivel - cable tangle prevention system *
